Correspondence and Directives

ELIGIBLE SPACE-AVAILABLE TRAVELERS, PRIORITIES,  
AND APPROVED GEOGRAPHICAL TRAVEL SEGMENTS

This table lists travelers who are eligible to **travel** on DoD aircraft according to the space-available **program outlined** in paragraphs **A.** and **B.**, above. "Item" is a sequential numbering and is for reference purposes only. "Cat" is the category of travel as explained in section **A.7.a.**, above. These are used to determine priority of movement as explained in **section A.7.b.**, above. "**Traveler's Status and Situation**" lists **specific travelers and conditions** under which space-available travel may **be** authorized. **The** approved geographical **travel** segments, i.e. origin and destination combinations, are **C-C** (CONUS to CONUS), **O-O** (**overseas to** overseas), **C-O** (CONUS to overseas) and **O-C** (overseas to CONUS) (reference section **A.8.**). A "yes" in the column headed by one of these abbreviations indicates that travel is authorized in that particular geographical travel segment for the particular type traveler cited in that item number, and subject to any limitations cited. Lack of a "yes" indicates travel is not **thorized** in that particular geographical **travel segment**.

<b>I t e m</b>	<b>Cat</b>	<b>Traveler's Status and Situation</b>	<b>C-C</b>	<b>O-O</b>	<b>C-O and O-C</b>
<b>1</b>		<b>Category I - Emergency Leave Unfunded Travel</b>			
<b>2</b>		Transportation by the most expeditious routing only for bona fide immediate family <b>emergencies</b> , as <b>determined by DoD Directive 13275</b> (reference (d)) and Service <b>regulations</b> , for the following travelers:
